RENEW IRRIGATION

We are based in Bloemfontein, but offer our services nationwide.

Renew irrigation has been in business since 2018. We specialize in a wide variety of products, including centre pivots, solar pumps, pump systems, solar power and rural water development.

We have supplied and installed systems to the private, commercial and government sector.

We pride ourself in being recognized as the trusted and pioneering force in the irrigation industry.

ABOUT COMPANY

Renew Irrigation Systems is a leading provider of comprehensive irrigation solutions, specializing in the supply and installation of center pivots, solar pumps, pump systems, solar power solutions, and rural water development. With a commitment to innovation, reliability, and sustainability, we cater to clients across South Africa, providing high-quality products and expert services tailored to meet diverse agricultural needs.

Headquartered in Bloemfontein, Renew Irrigation Systems operates strategically to serve clients nationwide. Our central location allows us to efficiently deliver and install irrigation systems while ensuring prompt and responsive customer support.

RENEW IRRIGATION

VISION & MISSION

Vision

At Renew Irrigation Systems, we envision a future where sustainable irrigation practices transform agricultural landscapes, fostering abundance, resilience, and prosperity for generations to come. Through innovation, collaboration, and a steadfast commitment to excellence, we aspire to be the foremost provider of cutting-edge irrigation solutions, empowering farmers and communities across South Africa to thrive in harmony with nature.

Mission

Our mission at Renew Irrigation Systems is to revolutionize agricultural irrigation by delivering comprehensive, innovative, and sustainable solutions that optimize water usage, enhance productivity, and safeguard the environment. Through the supply and installation of centre pivots, solar pumps, pump systems, solar power solutions, and rural water development initiatives, we aim to exceed the expectations of our clients, fostering long-term partnerships built on integrity, reliability, and mutual success. Guided by our core values of innovation, reliability, and sustainability, we are dedicated to advancing the agricultural industry while preserving natural resources and promoting socioeconomic development in the communities we serve.

RENEW IRRIGATION

RENEW IRRIGATION

OUR SERVICES AND PRODUCTS

Renew Irrigation Systems offers a wide range of services and products tailored to enhance agricultural productivity and efficiency:

Centre Pivots

We specialize in the supply and installation of centre pivots, offering cutting-edge technology to optimize water distribution and crop yield across vast agricultural landscapes.

Solar Pumps

Our solar pump solutions harness renewable energy to power irrigation systems, providing cost-effective and environmentally sustainable alternatives to traditional diesel or electric pumps.

Pump Systems

We design and install pump systems tailored to specific requirements, ensuring reliable water supply for irrigation, livestock, and other agricultural applications.

RENEW IRRIGATION

Solar Power Solutions

In addition to solar pumps, we provide comprehensive solar power solutions to meet the energy needs of agricultural operations, reducing reliance on grid electricity and minimizing carbon footprint.

Rural Water Development

Our expertise extends to rural water development projects, including borehole drilling, water storage solutions, and distribution infrastructure, empowering communities with access to clean and reliable water sources.

CLIENTELE

Renew Irrigation Systems serves a diverse clientele spanning the private, commercial, and government sectors. From individual farmers and agricultural cooperatives to large-scale commercial enterprises and government agencies, we collaborate closely with clients to deliver tailored solutions that maximize efficiency, productivity, and sustainability.

COMMITMENT TO EXCELLENCE

At Renew Irrigation Systems, we are dedicated to excellence in every aspect of our operations. From initial consultation and system design to installation, maintenance, and after-sales support, we prioritize customer satisfaction, quality craftsmanship, and ongoing innovation. Our team of skilled professionals combines industry expertise with a passion for agricultural advancement, ensuring that clients receive reliable solutions and exceptional service at every stage of their project.
